

3. Holders of a probationary driving license in accordance with Article 15a paragraph 1 SVG in conjunction with Article 24a VZV, which expired on March 9, 2020 or later, are untitled to drive in the territory of Switzerland.

4. The cantonal authorities shall be authorised to issue a learner's permit, which expired on March 9, 2020 or later, on their written request to issue a new learning driving license with a validity period in accordance with Article 16 paragraph 1 VZV. This replaces the expired learner's permit. took place more than two years ago. A practical basic training course for learner motorcyclists (Art. 19 VZV) who have been awarded a learner's permit which expired on 9 March or later is used for the issuing of a replacement learning license and is recognised for the practical test.

Holders of such replacement learning license are admitted to the practical test, even if the basic theoretic test (Art. 18 VZV) was issued more than two years previously.

5. (....)

6. Persons who apply for a new learner's permit on March 9, 2020 or later do not have to submit a eye test to the cantonal authority in accordance with point 5.5 Annex 4 VZV, if they already have a learner's permit or driving license for a category of the same medical group listed in Annex 1 VZV (Example: Holders of a category A or A1 driver's license receive the category B learning driving license without an eye test, but not a category learning license C).
